CREATION 55

► CREATION 55 [INSIGHT]

CREATION 55 are synthetic, decorative, flexible, antistatic, abrasion group T floorcoverings available in tile or plank forms, with bevelled edges.

They comprise a transparent wearlayer 0.55 mm thick, a design film and a compact underlayer. They are compressed and grained at high pressure.

CREATION 55 are treated with a polyurethane treatment PUR+ providing excellent cleaning characteristics and improved resistance to scratching and chemicals. PUR+ significantly delays the application of wax.

Their overall thickness is 2.5mm.
