TARALAY ELEMENT

TARALAY ELEMENT is a multilayered vinyl floorcovering available in 2m wide sheet, with a group T wear rating. The product comprises a 0.75mm thick, pure vinyl and coloured wear layer throughout the thickness, without a transparent wear layer. It is protected by **the surface treatment, ProtecSol®**, with a minimum thickness of 25µm, ensuring easy maintenance and no required polish for the entire lifetime of the product.

This product is antistatic and incorporates **Sanosol®**, a fungistatic and bacteriostatic treatment.

It does not contain any heavy metals or CMR 1&2 components and it is 100% compliant with REACH.

The product emission rate of volatile organic compounds is <100µg/m³ (TVOC after 28 days ISO 16000-6). It is 100% recyclable.

TARALAY ELEMENT COMPACT

This flooring is reinforced with a fibre glass grid for a better dimensional stability.

The construction of the product yields a 6dB sound insulation rating.

It is composed of 50% mineral and inexhaustible materials.

TARALAY ELEMENT COMFORT

This flooring comprises a Very High Density (VHD) foam and is reinforced with 2 fibre glass grids which yields a 17dB sound insulation rating and a resistance to indentation of 0.10mm.

It is composed of 47% mineral and inexhaustible materials.

MURAL CALYPSO

A **NEW** wall covering to mix and match TARALAY ELEMENT floor covering

MURAL CALYPSO is a multilayered wall covering in 2m width roll and with a B-s2,d0 fire classification.

It is hot welded with CR41 welding rods.

It is made of a printed transparent wear layer and a coloured under layer containing for an easier welding of the product.

This layer comprises 20% of recycled products.

It does not contain any CMR 1&2 component and is 100% REACH compliant.

It is 100% recyclable.
